Front End Developer

Career Objective

Skillful, Disciplined, Curious. These three words describe me the most. I have been learning Front End Development Development for the last 1 year and have experience of 2500+ hours of learning and working on multiple projects. I'm looking forward to showcasing my skills in a dynamic and fast-paced work environment.

Skills

`Front End` : HTML, CSS, Bootstrap, React Bootstrap, Tailwind CSS, Daisy UI, JavaScript, ES6, Mobile-first Responsive Design, React JS, JSX, Redux, Redux RTK Query, Redux-Thunk, React Router DOM, Firebase Authentication, Debugging, Axios

`Back End` : MongoDB with CRUD operation, Node.js, Express js, Rest API, JWT

`Tools and Technologies` : Git, Github, Jira, Chrome Dev Tool, Netlify, Firebase Deployment, Vercel, Figma, Notion, Google Docs, Google Sheets, Chat GPT, Bard AI, Clyde.

Projects

Titans Arena (Team Project) - [Team Lead]   LIVE // Client // Server

- ❖ This 7-week-long project gave me extensive experience in team leading and team playing ability to work under pressure while managing the team.
- ❖ Titans Arena features vast official game information and pre-registration functionality.
- ❖ The site also features tournament management and a mesmerizing gaming blog.
- ❖ The site gives off the essence of a gaming community emphasizing connectivity and communication, all while maintaining rigorous security and user-centric design.

`Technologies` : React, Tailwind CSS, Daisy UI, Redux RTK query, Firebase, Node-Express Server with MongoDB.

Toytopia   LIVE // Client // Server

- ❖ Visually appealing design with pleasing color contrast, alignment, and spacing.
- ❖ Ensured consistent navigation elements for easy site use, secure user authentication, and registration with secure data storage.
- ❖ Engaging homepages, informative blogs, and toy listings for optimal user experience.

`Technologies` : React, Bootstrap, React-Bootstrap, Firebase, Node-Express Server with MongoDB.

Languages

- ❖ As a native Bangla speaker, I'm proficient in English and can understand Hindi as well.
